DEDHAM, Mass., May 12.—Irving Millen, on trial for murder with his brother Murton and Abe Faber, tried a Dillinger, but it didn't work.

An attempt to shoot his way out of Dedham jail last night was frustrated by the alertness of two state troopers and today Irving was in solitary confinement nursing bruises received in the battle which subdued him.

**Automobile Hunted.**  
Meanwhile, authorities hunted an automobile seen lurking in the shadows of the elm trees outside the prison at the time of the attempted jail break.

The machine shot away into the night shortly after Irving tried to seize a trooper's gun and was overpowered.

The three youths had returned from the courthouse where they are being tried for murder in connection with the hold-up of the Needham Trust company in which two policemen were killed by machine gun bullets.

### PA NEW C OBSERVES

Tomorrow Is Mother's Day.

David Victor sat next to the noted opera singer, Lawrence Tibbett, all the way across United States the other day in a transcontinental airplane. The noise caused by the airplane engines was so deafening that Tibbett couldn't have been heard even if he had been inclined to do so. Tibbett was on his way to New York for his famous rendition of "The Glory Road." Victor made the trip to and from California by airplane. It was his first time up but he stood it like a veteran.

Although the temperature this morning was just one degree above the freezing point, little frost formed due to a slight breeze. It is believed that there was no damage to vegetation.

One of the motorists who travels North Mercer street regularly called in to mention that the hard winter killed the hedges at the corner of Mercer and Moody avenues. Inasmuch as these have been more or less obstructions to clear vision at the intersection the motorists suggests that whatever hedge is put in be not permitted to grow high enough to be a traffic hazard.

New Castle seems to have escaped the pall of dust which has hung over the eastern section of the country, after being whirled into the air from the mid-west plains.

Pa. News saw an entire service station being carried up North Mercer street Friday afternoon on a truck.

Two large Lawrence county camps are housing two large delegations of women campers this week end. (Continued On Page Two)

### BELIEVE PROOF GIVEN JUNE ROBLES IS ALIVE

(International News Service)  
TUCSON, Ariz., May 12.—Proof that June Robles, six year old daughter of Fernando Robles, who was kidnapped 16 days ago, is still alive has been definitely assured, police revealed today.

Two replies to five questions submitted to her captors by her father have been made public. A note received from the kidnap gang Monday but kept secret until today, was also made public.

In answer to her father's question: "What do you do with your bunnies in the morning?" the little girl told her abductors she got up and took them to bed with her until her parents arose.

Replying to the question "where

is your little box with the key in it?" the child replied that "it was on daddy's desk."

The authorities said both answers are correct, and known only to the child and her parents and could not have been given except by June herself.

Making good their pledge of Thursday, the county, state and federal officers have withdrawn from the case to give the kidnapers the chance to collect the ransom money in Sonora, Mexico, where clues are being followed. Mexican posses are still in the hills of Northern Sonora and are still confident that the hide out of the kidnapers lies in some forlorn wilderness seldom visited by man.

### Americans Win Walker Cup In Great Fashion

Conclusive Victory For American Golfing Team In  
Matches At St.  
Andrews

GOODMAN, LITTLE  
DEFEAT BRITISH

(International News Service)  
ST. ANDREWS, Scotland, May 12.—Carrying everything before them in an amazing sweep of sheer power, America once again won the Walker cup from Great Britain's golfers today. This time by a margin so great as to leave not the slightest shred of doubt that this is a vastly unequal series. The Americans won by 7 matches to 1, their victory being assured long before the 12 matches of the set were concluded. More than that, the manner of their winning was even more impressive.

**Goodman in Form**  
Johnny Goodman, American open champion, beat the Hon. Michael Scott, British champion, by the tremendous matter of 7 up and 6 to play.

In the second match Lawson Little, playing marvelously this morning in the wind and rain and this afternoon in the sunshine, won from Cyril Tolley, former British champion, by as much as 6 and 5.

With these impressive results fairly staring the British public out of countenance from the score board, the Americans' overnight lead of 3 to 1, eked out as a result of yesterday's fourousness, swiftly jumped to 5 to 1, making the result inevitable.

It became more than that a few minutes later when George Dunlap, American champion, came in with 4 and 3 decision over Jack McLean, the former shooting the best half-round of the tournament this afternoon, a 34 to the turn.

**Quimet Wins**  
Then, appropriately enough, the team captain, Francis Quimet, supplied the clincher. Beaten with Dunlap in yesterday's fourousness for the only American defeat thus far, Quimet won easily from Leonard Crawley by 5 and 4 to give his team (Continued On Page Two)

When the storm was at its zenith the face of the sun was almost obscured and the canyons of lower New York took on the appearance of twilight.

It was the first natural phenomenon of its kind in the east in more than 20 years, experts said.

CHICAGO, May 12.—From the Rocky mountain region today came an uncertain promise of life-giving rains for the parched, drought-ridden urban and farming communities of midcontinent America.

Hopes for general, drenching rains needed to save the baking crops and fast dwindling water supplies were discouraging at best. However, weather forecasters could promise no better than light showers in the westernmost states.

Dr. Weir C. Ketter, president of Grove City college, and the Rev. Arthur Pfahl, Lutheran minister at Indiana, shared the luncheon program as speakers, discussing Rotary and national and world problems from the viewpoint of those who readily recognize the dawn of a new order.

"If we as Rotarians and as intelligent men and women face the future with the spirit of preparedness and courage which we should, the line of civilization will move upward again," Dr. Ketter told the luncheon audience as he spoke of a recent study of world history which he has just completed. He informed them that the line of civilization, were one to chart it, would reveal high points and low points and that in every low point and every high peak there are certain things which stand out boldly. Los Angeles, May 12.—A letter from William F. Gettle, kidnaped millionaire, has been received by a close friend and business associate, it was reported today.

The missive, in Gettle's own handwriting, was understood to have told the friend to follow out the demands made by the gunmen who "snatched" the millionaire from his Arcadia country estate Wednesday night.

**Confusion On Ransom**

Attorney Ernest E. Noon, intermediary for the family, has also received a note from the kidnapers themselves giving him definite instructions, it was said. This letter was understood to have been delivered at noon yesterday after the first contact was made by telephone and \$75,000 ransom demanded.

Confusion has arisen from the fact that three ransom figures have reportedly been set in telephone calls and letters—\$40,000, \$45,000, and \$75,000.

# SAMUEL INSULL IS OUT OF JAIL ON HUGE BOND

## Recuperating In Hospital

Bail Of \$250,000 Is Provided By Several Unknown Friends

### INSULL SAYS HIS CASE SINGLED OUT

By JAMES L. KILGALLAN  
International News Service Staff Correspondent  
(Copyright, 1934, by International News Service)

CHICAGO, Ill., May 12.—"I'm resting now but I intend to come up fighting."

Samuel Insull, former multi-millionaire utilities "king" made this declaration in an exclusive interview with International News Service. He is resting today in St. Luke's hospital. There he will remain for a week or ten days to fully recuperate from the effects of his incarceration in Cook county jail and the ordeal of his return to Chicago.

Newspaper reporters were barred from his rooms in the hospital today. Every precaution was being taken to enable him to obtain a complete rest so he will be in trim to stage his forthcoming "battle for vindication."

Being Singled Out  
Insull in the course of a long chat with this writer made this interesting observation:

"I do not want to reflect on anybody. But I am sure that any thinking person who has been reading about my case will realize the fact that I am not the only man whose interests were adversely affected by the financial panic."

"I find myself in the spotlight. I am being prosecuted. Why? That's for the public to judge."

"But I will say this: There are hundreds of business men in this country—and many others in all parts of the world—who were caught in the depression, just as I was. But for some peculiar reason I am being prosecuted and they are not."

"I'm not complaining on this score. I am merely making this observation. It seems strange to me that so much attention should be directed against Samuel Insull whereas nothing is said about other cases. Why?"

Asked what lawyers will handle the Insull defense at his forthcoming trial on charges of fraudulent misuse of the mails and alleged violation of the National Bankruptcy act, Insull said he does not know. He pointed out that Attorney, Floyd E. Thompson who has been acting for him, is the counsel for his son, Samuel Insull, Jr.

Now At Liberty  
Insull is now at liberty, having obtained bail of \$250,000 after some difficulty—\$200,000 on the federal charges and \$50,000 on the state charges.

"It was almost worth while coming from Constantinople to Chicago to get the thrill of meeting the group of people who signed my state bond," said Insull.

"The remarkable thing was that I only saw one of them before. It certainly heartened me to find that friends who I had never heard of before were coming to the front for me."

Insull said he felt sure, from reports he has been receiving, that public sentiment is swinging in his

behalf. He declared he had been told that when his photograph was shown at Chicago theater the audience applauded and that he has learned of other matters indicating a change in the trend of the public attitude.

"What has happened has surprised me," said Insull. "All kinds of offers of financial assistance have come in connection with the matter of bail bond."

"All kinds of people—high and low, rich and poor—have offered to help me. This makes me feel very good."

Irving, who is 21, was the first to be taken from his cell for a "stretching-out."

At one end of the pit was Trooper Theodore Fitzgerald. At the other end was Trooper John Brown. As Irving walked up and down, he drew closer each time he turned at Brown's post.

The third or fourth turn he had cut the six-foot distance rule in two and Trooper Brown ordered: "Stay back."

Irving tried to laugh it off. "What's the difference?" he grinned.

Then he lunged at Trooper Brown and swung a quick right-handed punch. Brown ducked.

Irving grabbed at the trooper's holster containing his 38 calibre revolver. The spring flap on the holster spun open. Irving got his hand on the butt of the gun.

Trooper Wins Fall.

Irving closed with Trooper Brown and tried a jiu jitsu hold. State troopers are also adept in this Japanese form of wrestling. For a split second they strained. Then Irving went flying over the shoulder of the trooper. They closed in again.

By this time, Trooper Fitzgerald had rushed down from the other end of the pit.

The cells of the Millen brothers and Faber are in an even line with the floor of the pit.

Murton shouted encouragement from his locked cell.

But Brown was now on top.

Wanted To Die.

He slugged Irving in the jaw and banged his head on the floor. Fitzgerald closed in and the two troopers flung Irving back into his cell. There was another short battle before they succeeded in locking the cell.

Trooper Brown said to Irving: "What's the idea, trying to get yourself killed? You're out of luck this time."

Irving said: "Well, you can't blame me for taking a chance. I got nothing to lose. I thought you'd plug me."

asserted that lawlessness, disregard for the church and a lack of interest in education prevail during every depression period while the opposite take hold when periods of prosperity come.

Dr. Ketter said that his intensive study of the past satisfied him that "conditions are never wholly good nor wholly bad." He said the greatest factors in shaping progress are the men and women and their outlook toward their fellow men and the world about them.

He gave the audience three popular mottoes which he prescribed as "helpful" for mankind in these times. The three of them expressed the spirit of courage, alertness, sportsmanship and generosity of the times.

Warns Of Communism

Rev. Fahl, in his stirring message, warned of the rising power of Communism and Fascism which threaten to crowd out democracy as a form of government. He praised democracy as "a symbol of confidence of human nature," and lauded President Roosevelt.

District Governor Beeler presided at the closing assembly, which was a musical program, presented by Westminster college's music department, featured, Prof. Allan B. Davis, director of the department, introduced his students.

The Mt. Pleasant club was presented the "trophy of flags," carrying the flags of 72 countries in which Rotary exists, for its 100 per cent attendance record at the conference.

Before final adjournment came a den development in the district's method of nominating district governors arose, with Rotarian Stanley Gilles.

Greenville, advocating the appointment of a nominating committee for 1935 to be formed of the district governors, and with Rotarian L. B. Round, New Castle, opposing it.

District Governor Beeler called for a vote but it ended a tie, with the final disposition of it now resting in the hands of the newly elected governor. The plan for nominating governors will go before the 1935 conference.

Governor-elect Smith arose and acknowledged an introduction by the chair at the close of the assembly.

## AMERICANS WIN WALKER CUP IN GREAT FASHION

(Continued From Page One)

seven victories in the eight matches played up to that time, with only four still to be decided.

All told, this was probably the cruelest, most crushing reverse of all Walker cup reverses for the British. Beaten in the seven previous meetings for the trophy, they had really been confident of winning this time—and naturally the impact of the blow was all the greater for that fact.

By way of adding anguish to pain, Johnny Fischer, who had been one hole "down" this morning, came rolling in next with a 5 and 4 victory over Eric Fiddian, giving the Americans eight matches in nine played. Fischer, stung by Fiddian's late rally this morning, came with a rush to take the first four holes this afternoon. After that there was nothing to it.

Mrs. George Roof discussed the foreign topic. Splendid reports were given of the presbytery meeting at Ellwood City.

A beautifully sentimental mother program was presented, with readings by Mrs. C. B. Wingerd and Mrs. George Roof, with group singing of "mother" songs.

Mrs. Harry Sturdevant, for the society, presented Mrs. Rhodes with a handsome Bible and she responded most graciously.

## Lawrence County's Opportunity

In the 26th Congressional District, composed of the Counties of Beaver, Butler and Lawrence, the County of Lawrence is the only county that has not been represented by one of its citizens since this district was formed.

As a matter of fact, it has been over 20 years since Lawrence County has had a representative in Congress, and has had but one term in the last 42 years.

In addition, at the present time Beaver County has both the State Senator and the Representative in Congress.

Is it not an opportune time for the Republicans of Lawrence County to display a little local pride and nominate and elect one of its citizens to represent its great industrial and agricultural interests?

We have as a candidate C. Ed. Smith, Jr., a young man born and raised in New Castle, one of our leading business men, with large property interests in the community. His welfare and property interests are dependent on the development and prosperity of New Castle and Lawrence County, for that is where his business interests are located.

The powerful Republican organization of Beaver County, recognizing the justness of Lawrence County's claim for the nomination, has endorsed the candidacy of Mr. Smith.

Dr. Swick, the present incumbent, a resident of Beaver County, has been repudiated by the Republican organization of that county, largely because he has been a straddler on public questions.

He straddled on the Soldier's Bonus legislation, on the Economy Act, on the Canal legislation, even to the point of appearing before the committee and opposing a bill he had introduced himself.

His vacillating course in legislation renders him entirely undependable. In his desperation on losing the support of the Republican organization of Beaver County, he has sought, by public advertisements, to misrepresent the views of C. Ed. Smith, Jr., on the issues involved in this campaign, and particularly on the proposed Canal legislation.

Mr. Smith has never declared himself against the building of a Canal, and it is not reasonable to suppose that as a large property owner in New Castle that he would be opposed to the development of the community.

With the Republican leaders of the other counties of the district conceding the claim of Lawrence County to the nomination for Congress, is it not the part of wisdom for the Republicans of Lawrence County to support its own candidate, C. Ed. Smith, Jr.?

## Centennial Of Mission Trail Being Observed

"Jason Lee Special" Traveling From Boston To Oregon Over Original Path

Bishop Titus Lowe And Christian Indian Will Be Speakers Monday Evening

A "covered wagon" on wheels, which is known as the "Jason Lee Special," will arrive in New Castle Monday and an historical service will be held in the First Methodist church Monday evening at eight o'clock.

This "wagon" left Boston Monday, April 16, and is traveling to Salem, Ore., as a part of the centennial celebration of the overland journey in 1834 of Jason Lee, first missionary to Oregon and "Father of American Oregon." This vehicle

BISHOP TITUS LOWE

is traveling over the same route as Jason Lee traversed one hundred years ago when he was sent to Oregon by the Methodist Missionary Society as the first missionary of any church to the American Indians in that territory. He remained there to found a white civilization.

On this trip Jason Lee conducted in southern Idaho the first formal Protestant religious observance to

EDWARD WINTER MOON

be held in the vast interior lying west of the Rocky mountains. He settled what is now Salem, Ore., and began his missionary work, being the first missionary, either Catholic or Protestant, to enter the Oregon country. In 1838 Lee returned to the East and chartered a boat, returning to Oregon from New York City around the Horn to Oregon.

On the way across the country the special is stopping at about 100 places, where Bishop Titus Lowe and an educated young Christian Indian, Robert Winter Moon, will speak. At the service here Monday evening the Epworth young people will present a pageant depicting the story of Indian conversion.

## CENTRAL CHURCH TO HAVE PASSION PLAY SUNDAY EVE

Mrs. Carrie Jeffery Roberts will give her illustrated lecture on the passion play Sunday evening in the Central Presbyterian church. Many beautiful pictures will be screened gathered by her own hand and especially made for this lecture.

Perhaps Mrs. Roberts is qualified to speak on this historic play more than any other citizen because of her personally conducted tours abroad. Then her long experience as a teacher has taught her to select the most interesting things that have permanent value.

Inasmuch as the passion play is to be presented again this year at Oberammergau, it is timely to have this presentation for those who cannot go.

Dr. C. B. Winger will conduct a special Mother's Day service at 11 a. m. upon the theme "The Mother." The choir will render appropriate music at both services.

## ARLINGTON CHURCH TO CLOSE CAMPAIGN

TO THE VOTERS OF LAWRENCE COUNTY:

I am a candidate for re-election to Congress subject to the Republican primaries Tuesday, May 15th. I have no desire, however, to force myself on the Republicans or any other ticket.

I want you to know that I appreciate your votes and influence, but I urge you to vote Tuesday, whatever your party may be, and whether you are for me or against me. ## VOTE FOR SHANNON

The campaign for the Republican nomination for Governor is about over. Between now and Tuesday morning there will be rumors of deals, withdrawals, and the like. Pay no attention to them. Edward C. Shannon is in the race for governor, with no deals or tieups with any other candidates for office.

Lawrence County has always been charged by the alleged "Regular Republicans" with being independent. That is true. Lawrence County voters have always refused to have candidates selected for them by a little coterie of politicians. Lawrence County voters do their own thinking and their own voting. That is why Edward C. Shannon appeals to the average Lawrence County voter.

He is absolutely unbosomed. This admission was made by one of his opponents on the radio Friday night. Because he is unbosomed, because he is capable, because he has the confidence of the common people, Edward C. Shannon is the ideal candidate for the Republican Party to nominate on Tuesday, May 15.

Carry on the traditions of Lawrence County and vote for Shannon for Governor. His name is sixth on the ballot.

THOMAS W. DICKEY,  
General Chairman.

## SENATOR DAVID A. REED

*A Faithful Servant*

In the two terms which Senator Reed has served in the United States Senate he has attained prominence and distinction that comes to only those who possess unusual ability.

He is the ranking Republican member of the Finance Committee, and if the Republicans obtain a majority of the Senate, he will become Chairman of the Committee, which Committee has charge of all tariff and tax measures, the most powerful Committee of the Senate.

For six years he was Chairman of the Committee on Military Affairs, having charge of all the legislation affecting the National Guard Officers' Reserve Corps and Citizens Military training camps and army appropriation bills.

He is a member of the Senate Committee on Foreign Relations and recognized as an authority on European political, military and economic conditions. Was a delegate to the London Naval Conference of 1930, and has consistently opposed further concessions by the United States to European debtors, has opposed American membership in the League of Nations, and insisted that United States shall remain neutral in event of another European War.

He rendered distinguished service to the people of the United States as the author of the Immigration Act of 1924, restricting immigration to 150,000 annually, and protecting American labor against an influx of foreigners.

As a member of the Finance Committee and on the floor of the Senate, he has consistently fought for tariff legislation to protect Pennsylvania industries against the cheap labor of Europe and other countries.

He was author of the law under which the Mothers and widows of World War Veterans buried overseas have been afforded an opportunity to visit their graves at the government's expense.

For years he has advocated construction of a canal between Lake Erie and the Ohio River with Federal aid, and the development of the water ways in western Pennsylvania.

He has been a consistent supporter of the Home Loan Bank System.

Has fought for governmental economies and a balanced budget as the surest safeguard of national solvency.

He has been the foremost advocate of sound money in Congress. Strongly opposed abandonment of the gold standard, repudiation of the gold clause in government obligations, money experimentation and currency debasement, thereby injuring the wage earner and the thrifty.

Has opposed and denounced the plowing under of crops and the processing taxes on farm products as wicked and wasteful, and wholly unfair to the farmers of Pennsylvania. This legislation is penalizing the farmers of the east for the benefit of the one-crop farmers of the West and South.

Senator Reed is in the prime of life, and from his experience during the past 12 years, the prominence he has gained on important Senate Committees and his natural ability and courage as a leader, renders him invaluable to the State of Pennsylvania and to the Nation.

Would it not be utter folly for the people of Pennsylvania to dispense with the services of a servant, so faithful and courageous, and supplant in his place a man 69 years of age, who has been a political opportunist all his life?

We have faith in the good judgment and the sense of fairness of the people of Pennsylvania, and that they will retain his service in the Senate of the United States.

REED CAMPAIGN COMMITTEE.

## SEVENTH WARD NEWS

### Rehabilitation Is Being Done After Storm Destruction

Damage In This District Severe;  
New Wall Being Built  
To Local Garage

Seventh Ward and North Beaver township property owners are busy repairing what they call the damage spread by Thursday afternoon's heavy wind and rain storm.

An inventory of the destruction left in the wake of the near cyclone show it to have been one of the most severe in the history of the county. The damage done in this district will amount to several hundred dollars to replace and several hundred more dollars in total loss.

Probably the most peculiar and costly trick of the storm took place on Locock street at about 2:00 p. m. when the entire south wall of the Pitzer Brothers garage and storage room was blown out. The Pitzer brothers garage is a strong structure of cement blocks and is one of the largest in the city. The doors were open during the storm and the wind roared through, leaving the wall in ruins and weakening a side of the building. A corps of workmen set to the task of rebuilding the wall Friday.

At Sam Crawford's farm in North Beaver township a corn crib was blown over on its side as were several other sheds. Trees were uprooted there and at the Duff farm and W. C. Casto farm. The Casto orchard was reported to have been practically ruined.

At Whan Hopper's farm in North Beaver township a new chicken coop was being built. The wind lifted it right off its foundation. Considerable damage was done to the orchard of the Cochran farm, limbs of trees blocked the roads in various places and the fences surrounding many pastures were lying flat.

A large window of the Fry service station, corner of Liberty and Clayton street was shattered several street lights were victims.

### PRESIDENT WILLARD GOES THROUGH WARD

\* Daniel Willard, president of the Baltimore and Ohio railroad, went through seventh ward at 12:30 p. m. Friday enroute from the middle west to Baltimore, Md., after an extensive inspection tour. Mr. Willard took the P. and O. E. at the New Castle Junction to Pittsburgh where he planned to make a stop. Six private cars comprised the special train. A number of officials, including C. W. Van Horn, transportation superintendent, from Baltimore, accompanied Mr. Willard.

**A Mother's Day Idea.**  
**Another Kidnaping.**  
**Why Blackmail Russia?**  
**What? Cheap Milk For Mothers?**  
 By ARTHUR BRISBANE

DOCTORS AND others, in connection with "Mother's Day," say it might be a good idea for our sentimental nation to pay attention to mothers that die in childbirth. About 17,000 die, two-thirds of them needlessly, every year. According to Dr. Thomas Parran, Jr., New York State Health Commissioner, 1,168 mothers died in his state alone during childhood last year and 800 of these mothers could have been saved by decent care.

Further, three thousand babies died within twenty-four hours of birth, and three thousand more in the first month, and many of them could have been saved.

IN GOOD modern hospitals, where money makes everything easy, when you call politely to contemplate the new-born baby of a friend or relative, you stand outside a door of plate glass and look at the baby through the glass. You are not allowed to come near it or breathe on it, and it lives.

That is how they treat gorillas in the London zoo, put glass in front of them to prevent their inhaling tuberculosis germs, scattered by humans. They also live.

WILLIAM F. GETTLE, 47-year-old oil operator, described in accordance with custom as "a millionaire," was kidnaped yesterday on his own grounds, while celebrating with friends the opening of a new swimming pool. Masked men climbed a seven-foot wall, topped with barbed wire, and said in soft voices:

"Put them up, gentlemen."  
 Three men obeyed. One was tied to a tree, Gettle was carried away. The kidnapers would tell you that it is not to make a "decent" living in any other way, now that prohibition has gone and bootlegging and hijacking are not available.

NEW YORK is discussing a law to make the parole system for criminals "more liberal," which would mean turning criminals loose after an earnest lecture and a brief prison residence.

It is not desirable to concentrate attention on any particular highlight of banditry, but Mr. Dillinger, a resolute bandit, was turned loose in that way in his own state. Later he turned himself loose by bribery, and since that time thirteen men have been killed along his trail.

QUITE REASONABLY the Washington government is asked why it forbids lending money to Russia. The present Russian government does not owe anybody in the United States a cent. Every dollar spent by Russia, for merchandise, in the United States has been paid. Our biggest industrial concerns, General Electric and others, will testify to that.

LOANS THAT Americans foolishly made to the comic opera Kerensky government were actually

used by "White Russians" to invade Russia in an attempt to conquer its present government. Can you expect Soviet Russia to pay that debt? This government passed a law that no American money must be lent to defaulters on war debts. The government of Russia is not in default on any war debt to this country and Uncle Sam should not attempt to blackmail that government into paying debts of Kerensky or the Czar.

MAYOR LAGUARDIA, of New York, who knows that farmers sell good milk for three cents a quart and less, thinks mothers in cities ought to be able to buy two quarts for fifteen cents, which would be a little more than double what the farmer gets. He even suggested that New York City go into the business of selling good milk in bulk. You will admit that comes pretty close to Bolshevism, anarchy and Communism.

BAD NEWS becomes much worse news in the farm belt. Unless heavy rain comes within five days, serious crop failure must be expected. In addition to heat, parasites and dust storms are hurting wheat, which may drop to a fifty-cent yield.

This bad news for us is good news for other countries that grow wheat. This optimistic country, that apparently never heard of a crop failure, practically compelling farmers to cut their crops, leaving their land idle, will improve markets for foreigners.

STOCKS dropped rapidly Thursday. Those who believe that discouraging short market sales will hurt values may be right. All governments learn that in this world things "grow," farming methods, babies, industries, crops. Any sudden plan to change methods that experience has established may turn out magnificently. But it may turn out otherwise.

Food in some big cities has gone up fifty per cent in price in the past year, which suits those that intend to raise the prices of products. It does not suit so well the millions that have thus far failed to raise the value of their own services, or even to find a job.

THE PRESIDENT has signed another tax bill to raise four hundred and seventeen million dollars of new revenue. Small incomes will pay less, big incomes will pay more. A man once had a theory that eating with horses was a just habit. He diminished his horse's supply of hay gradually until he finally got him down to one strand. The horse died and spoiled his experiment.

WITHOUT DEBATE, the Senate yesterday passed a bill to establish a "federal credit union system that will lend money to persons of small means at nominal interest rates." That is one government enterprise for which it is safe to predict many customers.

## Large Class In City Police Court

Twelve Of 26 Are Given Doses Of Castor Oil As Sentence By Mayor

There is no scarcity of castor oil at the police station regardless what anyone says, the truth of this having been proven today when Mayor Mayne administered 12 doses, one of which was rather extra large, to persons who had been arrested Friday on charges of intoxication.

In the class of 26 were 23 charged with that offense and after he had separated the habitual attendants from the "Now and then brigade" the mayor had a dozen to whom he remarked: "Thirty days or castor oil?" As summer weather is here none of the 12 cared to be confined for 30 days.

And did they imbibe of the castor oil? Each and every one did. True it is that some gurgled and sputtered and required two hands to hold the glass but they swallowed the oil finally. However, one of them received a five ounce dose instead of the customary three ounces.

He stepped gingerly to the "bar" and when he received the glass from the mayor raised it high and looking His Honor in the eye remarked: "Here's luck, Mayor." The mayor responded, "Same to you" and then the defendant swallowed the oil, smacked his lips, gave the mayor a salute and said: "So long, mayor."

One man who did not receive a castor oil sentence had a fine of five dollars inflicted. That was the follow-up to what he received last night when another man is said to have a color scheme of black and blue above his right eye. They were in a fight on the East Side.

But if your old car has a trade-in value of only \$135, why can the dealer add \$2 worth of paint and charge \$385.

A philosopher is one who doesn't worry about things he can't help, but you can say that much for the dumb.

Betty Jane Cope gave the final number of the program, a reading, "A Benediction".

**VOTE**  
**J. CAMPBELL BRANDON**  
FOR CONGRESS

Lawrence, Butler and Beaver Counties

The people of Butler County have waited long and patiently for this County to put forward one of its sons to claim its turn to a seat in Congress and to end the long eight year reign of mediocrity that has marked the representation of this Congressional District.

It is fair and reasonable to ask the voters of the District to return to Congress any man whose term in office proves him to be an outstanding statesman or a leader among his colleagues, but when the highlight of news of eight years in office consists of the statement that our Congressman has only carried out the routine duties of his office then it is high time to make an effort to send to Washington someone that may be a credit to our people and of service to the nation.

Unfortunately and for some reason unknown to the conscientious voters of this County, the so-called Republican organization in Beaver County has taken it upon itself to endorse a Candidate from our County that was repudiated in all three counties at the last Congressional primaries. Does Lawrence County intend to continue to have its political affairs managed by the self-appointed party leaders of Beaver County or have we the right and intelligence to choose men who measure up to our own estimate of qualifications for public office?

Were it not for the fact that our neighboring County of Butler has put into the field a candidate of the calibre of J. Campbell Brandon, we would again be confronted with making a choice between a man who does not truly represent the sentiment of the District and one whose record at best is mediocre and who pledged allegiance to the anti-canals of the Ohio while his support came therefrom and whose allegiance is now shifted to favor the Beaver-Mahoning valley canal when new support is necessary.

We owe a debt of gratitude to Butler County for providing for us a candidate in the person of J. Campbell Brandon. Supported by more than three-fourths of the Bar in all three counties, Mr. Brandon is head and shoulders above any other candidates in the field in ability, in qualifications and in fitness for the office which he seeks. He is a lawyer of twenty-five years experience; a student of economic government for years and is vouched for by the moral and civic leaders in his home county. We bespeak your serious consideration of the problem that confronts us and urge that you go to the polls next Tuesday and vote.

For Congress

## Fleming-Mumford Score Touchdowns

Rain During Game At Farrell Before Crowd Of 4,000 Fans; New Castle Clicks

Fleming Races Across With Three Touchdowns And Mumford Scores On 25-Yard Run

New Castle high school "Red Hurricane" football team, showing a complete reversal of form over the previous week, handed the strong Farrell high team a thumping last night at the Farrell stadium 27 to 0. The game was featured with a steady drizzle of rain. A crowd of perhaps 4,000 persons witnessed the battle. Charles "Chuck" Fleming raced over for three of the New Castle touchdowns and Dallas Mumford was credited with the fourth touchdown after a nice run of 25 yards.

The New Castle team clicked much better last night than it did against Erie Academy. Thirteen first downs were run up by the Castlemans against one for the Farrell team. The New Castle line played a strong game with the Shellogg brothers, Alec and Fred, having prominent parts, as did Joe Howley at center and Wisosky at left end.

For the first period neither team could gain much territory. It was more of a punting duel between Mumford for New Castle and Martinko for Farrell, with the local boy having the edge. Several times Mumford coolly kicked the ball out of dangerous spots.

Punt Helps Locals. New Castle was in a tough spot at the end of the first period with Martinko of Farrell booting one that stopped on the 2-yard line. At the start of the second period Mumford dropped back of his own goal and kicked to Santell on the New Castle 42-yard line. Farrell was stopped in three plays at the line and Martinko kicked to Mumford, who made a fine return of the ball to the New Castle 38-yard line.

Raskowski broke through the line and carried the ball to the 48-yard line for a first down. New Castle drew a 15-yard penalty. Mumford was forced to kick again.

The young halfback booted a long kick that stopped on the Farrell 25-yard line where Lindsey muffed it and Alec Shellogg pounced on it for a fine recovery, giving New Castle a "break" with the ball on the Farrell 25-yard line.

Fleming Goes Through. On the first play after the lineup Fleming on a wide off-tackle play sped through the Farrell team and was over for the first touchdown. It was a beautifully executed play and caught the Farrell team napping. Alec Shellogg booted the extra point via placement. New Castle 7, Farrell 0.

The touchdown gave New Castle renewed courage and they "went to town". Shellogg kicked off to Farrell and after two plays Martinko kicked to Ostrosky in mid-field. Raskowski picked up three yards and then Fleming got away for a first down on the Farrell 33-yard line. A pass, Mumford to Wisosky, was good for 15 yards. Fleming went to the 12-yard line on a nice off-tackle play. Raskowski picked up four more, taking the ball to the 8-yard line. Again New Castle got a "break" when Farrell drew a 5-yard penalty for off-side and it gave New Castle the ball on the 3-yard line, and after two plays Fleming went over for the second New Castle touchdown. Alec Shellogg again

kicked the extra point via placement. New Castle 14, Farrell 0 at the end of the first half.

Fleming Tallies Again. Martinko of Farrell kicked off to New Castle at the start of the third period and New Castle's "Red Hurricane" swept down the field, never losing the ball, with Fleming, Raskowski and Mumford doing some nice ball totting and clicking off three first downs in a row, until finally Fleming carried the ball over for his third touchdown from the 1-yard line. Alec Shellogg's kick for extra point was wide of the bars. New Castle 20, Farrell 0.

One of the prettiest passes of the game occurred in the closing minutes of the third period when Mumford rifled a pass to Fleming that was good for 25 yards and put New Castle in scoring position again, but Lucas of Farrell intercepted a New Castle pass just as the third period ended.

Mumford Scores. The fourth period began with Farrell having the ball on their own 10-yard line after intercepting the New Castle pass. Martinko kicked to Mumford on the Farrell 43-yard line. Raskowski broke through for a fine gain, taking the ball to the 25-yard line. Mumford went through on a wide reverse play and scored the fourth touchdown after a brilliant run. Alec Shellogg kicked the extra point, making it New Castle 27, Farrell 0.

For the remainder of the game the teams battled away in mid-field for the most part with Coach Phil Bridenbaugh sending in his second and third string players. New Castle did not have a regular left on the field when the game ended.

A summary of the game shows that New Castle made 13 first downs against one for Farrell. New Castle tried five passes and made two, with one being intercepted. In penalties New Castle drew 75 yards and Farrell drew 30 yards.

## SPYING ON SPORTS

Down from the north in the middle of the day, Bringing to Washington fresh dismay, Comes a terrible rumble and grumble and roar, Telling the Yanks were hitting once more— ("Sheridan's Ride" slightly changed.)

THE THUNDER of the Yankee big guns, blasting luckless American league foes out of the stadium in shattered bits has dazed baseball fans in general but Yankee fans in particular.

The New York fans suspected they had a good team, back in April; that it might beat out Washington. But there were a lot of "ifs"—if Babe Ruth's legs stood up, if the pitching staff clicked, if the Senators proved overconfident, if the Red Sox had not become too strong and so on.

Yankee fans and, perhaps, the Yankee players, themselves, did not dream of the power the men of McCarthy would let loose before mid-May. The Ruppert Rifles, so-called last season and the year before, have now again become the Broadway Bombers, slamming their way to win after win.

MURDERERS' ROW is back again on the Yankee bench. If you don't believe it look at the stats.

Twenty-one home runs in 19 games. Seventy-five hits, 52 runs in one week.

Nearly half of the Yankee hits in that period being extra base wallpops.

Two Yankee rallies in one game netting six runs each.

Faced by Laruping Lou Gehrig, six Yankees are hitting better than .300 and two more are just below the magic mark.

The Bambino, himself, has been socking homers at a rate of one every three games which, if kept up, ought to net him more than 50 for the season.

WHETHER OR NOT the Yankees can continue this crushing pace remains, of course, to be seen. They may blow any time. Last season they were apparently headed for a second consecutive pennant when the machine blew apart and Washington rolled by, never to be caught.

However, the Yankees of 1934 are sloughing the horsehide at a pace never approached even in their best days last season. In fact the Yanks of today resemble the Yanks of 1927, when Miller Huggins' horde smashed through their league at a speed that changed the pennant race into a rout.

Proof that the rest of the league is scared to death of the potent power of the Yankee bats is the way free trips to first base are being handed McCarthy's Maulers. In two days, recently, the Yankees got 16 bases on balls!

Yes, sir, the Yankees are in—unless. But right now there doesn't seem to be any more to that "unless."

## Johnny Goodman Stars In Walker Cup Tournament

All Of Americans Lead British Opponents In First Round Of Singles Matches

By T. C. WATSON  
International News Service Staff Correspondent

ST. ANDREWS, Scotland, May 12.—Unwanted by American snobbery two years ago but a champion and trail-blazer for a more Democratic era now, Johnny Goodman, National open champion, again set the pace for his American team mates today by finishing 2 up on the Hon. Michael Scott, of England, in the first singles match of the Walker Cup finale. Scott, British amateur champion, never got started against the deft knowing touch of the Little American through the fairways and around the greens and was able to show the advantage only at the fifth, fifteenth and seventeenth holes.

In Driving Rain This match and the seven that followed were played in a driving rain, at once a source of discomfort and an aid to the Americans, who started the day needing only 3½ points out of a possible 8 to take the cup for the eighth straight time.

In any case, all of them were either "up" on or square with their British opponents over the early going.

The water-logged greens, proved splendid as targets but, once on them, the trouble began, three-putting being an epidemic in which everybody indulged with freedom and abandon. At that, Goodman sank long putts for birdies at the sixth and eighth but the back-nine against the wind piled up his score.

Meantime, the Lawson American Eagle was borne proudly aloft by another American at the half-way point, Lawson Little finishing the first 18 holes 4 up on Cyril Tolley, former British champion.

The parade of prospective American victories began to pile up in front of the staid, old club house when Francis Guinet, American captain, came to the eighteenth 6 up on Leonard Crawley, while Geo. Dunlap, American champion finished 1 up on Jack McLean, who helped to beat George in yesterday's forenoon.

## Preakness Finds Cavalcade Ready To Face Barrier

Kentucky Derby Winner Expected To Be Favorite In Annual Pimlico Classic

By HARVEY RIVKIN  
International News Service Sports Writer

PIMLICO, Md., May 12.—Preakness day. Weather ideal, track fast. Nine three-year-olds munching oats contentedly in their stalls, surrounded by their bodyguards.

Thirty-five thousand people, a cosmopolitan crowd, who came by train, by plane, steamboat and automobile, to see the 44th running of the Preakness, Maryland's racing classic.

Field Is Small. The old Preakness today is just the same as the ones run off during the past 61 years. Though the field is small, and the track fast and the withdrawals expected just before post time, yet it's the same Preakness.

Today's distance is a mile and three-sixteenths and as many as old Hilltop can pack in, including official Washington and more or less unofficial United States and Canada, will be there to shout: "Come on Cavalcade," "Come on Discovery," "Come on Spy Hill."

The stage is set to make the event one of the best in many years. Reservations indicate that great crowds will turn out to pay homage to seven or eight of the best three-year-old thoroughbreds on the American turf in action. The purse will be \$25,000.

Post time will be about 4:45 p. m. (E. S. T.). Anarchy, which was coupled with Cavalcade and High Quest as the Brookmeade entry, was scratched this morning.

Score by innings— R. H. E. Sc razzos . . . 020 002 3—7 9 3 Pump Stations . . 001 000 1—2 6 1 Batteries: Sc razzos—N. Beres and L. Pascarella. Pump Stations—Reardon and McKee. Umpire—Dutch Ross.

The Unions found Morris for 11 hits, with Nigro, Valensi and Merando getting the most hits. Engs and Clark hit homers for the Tolans.

## CARL HUBBELL LOSES TO CARDS

(International News Service)  
By PAT ROBINSON  
International News Service Sports  
Writer

NEW YORK, May 12.—If General Hugh Johnson looks carefully thru his mail today he'll probably find a few complaints from some of the baseball slaves who were forced to work overtime yesterday.

The Yankees had to battle more than three hours to subdue the White Sox, 7 to 6, in 14 innings which is away over par for anybody playing the Sox.

The Indians had to step eleven hits to down the Red Sox 6 to 5, and the Browns were forced to go ten frames to take the Senators 4 to 3, when other clubs have been doing it under the regular N. R. A. code.

### Pirates Win

The Phillies apparently had a game in uniform hours until Rubie dropped an easy fly in the ninth and the Pirates tied it up and then won out in the tenth 6 to 4.

And the Cards had to go ten innings to take their third straight from the Giants, 3 to 2 with Paul, the younger and less dizzy of the Dean brothers outlasting the famous Carl Hubbell to drop the Giants into fourth place.

The Reds hit Huck Betts hard enough to win most games but he stumbled right along to win, 8 to 5, when his brother Braves pounded Frey and Benton for 17 safeties, including four by Wally Berger.

The Dodgers fell on Joiner Malone and ward of the Cubs for 20 hits and won, 13 to 1. With that kind of hitting behind him, Ray Bengie became the first Dodger pitcher to go the route in many a day.

Market Trading  
Is Light Today

Some Issues Drop To New  
Low Levels Shortly After  
Opening Today

MOTOR SHARES  
UNDER PRESSURE

(International News Service)  
NEW YORK, May 12.—The stock  
market continued to wend its way  
lower in comparatively light trading  
today with many issues declining to  
new lows for the year.

The commodity markets also were  
easier under the lead of grain and  
cotton. Wheat and the other grains  
declined fractionally today on the  
reports of light showers over the belt.  
The cotton market was particularly  
further profit taking pressure and de-  
clined 25 cents a half a cent an ounce.  
Railroad shares were the out-  
standing weak spots in the stock  
list with losses running to more  
than a point as most issues got  
down to their lowest level of the  
year. Union Pacific was particularly  
hard hit as were Southern Railway,  
New York Central, and South-  
eastern Pacific.

The motor shares again were un-  
der fairly consistent pressure and  
sank to the lowest levels of the  
year before meeting support. A  
moderate amount of short covering  
around the lows, however, added the  
issues in stabilizing themselves.

United States Steel and the rest  
of the group also were inclined to  
be heavy as some quarters in the  
financial district began to look for  
a drop in steel operations on Mon-  
day.

The utility shares steadied some-  
what after early easiness in sym-  
pathy with American Telephone  
which, curiously enough, held frac-  
tionally above yesterday's closing  
levels.

Committees To Start Inten-  
sive Campaigns To Raise  
Quota Of \$22,500

ELLWOOD CITY, May 12.—Ell-  
wood City's annual Community  
Chest Drive will get underway early  
Monday morning when a large num-  
ber of committees will start an in-  
tensive campaign to raise \$22,500,  
the quota for this year.

This is about \$3,000 more than last  
year. With only a week to go in  
which to put the drive over the top  
there will have to be an ever-increas-  
ing co-operation of the local public.  
With the improvement of general  
business conditions in the country  
and city, Michael Edleman, general  
chairman of the drive is confident  
that the drive will go over on sched-  
uled time.

The city has been divided into  
various groups with an active chair-  
man and committee who will go  
about the city in an organized fashion.  
Most of the funds will go to the  
local hospital and Community  
Service League. Boy and Girl  
Scouts will come in for a share as  
usual.

## Doctor Admits Operation On Woman Fatal

Dr. Phillips Regains Consciousness Long Enough To Admit Death Cause

(International News Service)  
NEW YORK, May 12.—Dr. Julius Phillips, Brooklyn physician who had been unconscious since Thursday, when the body of Mrs. Virginia Allen Ball was found on an operating table in his office, regained consciousness at King County hospital this afternoon and admitted, according to Captain John McGowan, of the Brooklyn homicide squad, that the 21-year-old dancer died in his office after he performed an operation on her.

McGowan said the doctor revealed he took eight sleeping tablets upon discovering the young woman was dead. The officer refused to disclose anything further as to what Dr. Phillips told him. "The physician is under arrest at the hospital on a charge of homicide, based on the allegation that the woman died as the result of a criminal operation."

Mrs. Ball, whose family resides at Erie, Pa., formerly lived in Rochester, N. Y.

## New Buick Cars Are Being Shown

Lawrence Auto Company Has New Line On Display Here

A new line of Buick motor cars, priced in the low medium bracket, are being shown today for the first time in the showroom of the Lawrence Auto Co., local Buick dealers, corner South and S. Mercer streets. The new cars, of traditional Buick design and construction, invade a price field hitherto untouched by Buick and open up for this veteran unit of General Motors a new and

extensive market. Production in volume already is under way at the company's plants. The new line will be designated the Series 40 Buick. The price range will be from \$795 for the standard business coupe to \$925 for the five-passenger, four-door sedan. These are the lowest prices ever placed on Buick motor cars.

On a 117-inch wheelbase chassis, the new line includes five body types at the following P. O. B. prices: Five-passenger, four-door club sedan with built-in trunk, \$925; two-passenger business coupe, \$795; four-passenger sport coupe, \$855; five-passenger four-door sedan, \$895; five-passenger touring sedan, \$865. Brilliant performance and economy are outstanding features. Powered with a Buick straight-eight, valve-in-head engine developing 93 horsepower, the new cars are capable of speeds up to 85 miles an hour and will accelerate from 10 to 60 miles an hour in 21 seconds. Fuel economy is 15 miles per gallon of gasoline at a cruising speed of 55 miles an hour.

## STUDENTS STAR IN SCHOOL SHOW

Minstrel 'Land O' Cotton' Draws Crowd At Union High School

A snappy, laugh-provoking minstrel extravaganza, "Land O' Cotton", produced by a talented band of juniors and seniors of Union township high school, was witnessed by a large township audience in the Union auditorium last night. A host of nearly 80 students formed the minstrel cast.

Principal Roy F. Conway said today that on Monday afternoon at 1:30 the minstrel show would be repeated at a student matinee.

Don Jones served as the capable master of ceremonies over the minstrel, with joking comedians, a splendid chorus, dancers, singers and a host of other entertainers assisting. Not a dull moment came in the comic show and the performers enacted their parts perfectly.

The show itself was arranged by a competent corps of faculty and student committees.

## Senior High Band Gets \$47.17 Fund

Money Realized From Pageant Contributions Over Expenses Given Band

In a statement made today by William Wallace, treasurer of the local chapter of the Pennsylvania State Educational Association, the final account of the finances of the second presentation of the Educational Pageant is made.

The entire expense for the first presentation was borne by the chapter. On the night of presentation about 2000 people were turned away through lack of seating space and it was suggested that the pageant be given again, and a free will offering taken to pay the necessary expenses.

The collection at the first pageant netted \$69.20 and on the second night \$46.81, a total of \$116.01. This money has been expended as follows:

Cathedral rental	\$50.00
Stage hand service	20.00
Costume expense	2.00
Programs	14.50
Check tax on 7 checks	.14
<b>Total</b>	<b>\$86.64</b>

This leaves a balance of \$47.17. At the time of the collections it was agreed that if there were any money left over it was to go to the Senior High School band. The balance has been turned over to Joe F. Replogle and with the money several new instruments will be bought.

Some strange disease has afflicted one of the squirrels living in the trees at the court house. The squirrel has lost all its hair, except about two-thirds of its tail. It is believed to be suffering from mange—if squirrels get that disease.

County Commissioners' Clerk, William A. Eakin, has all the election supplies ready for distribution. Judges of election in the country districts are expected to get their ballots and supplies today. The city supplies will be distributed to the different polling places on Monday.

Dr. F. D. Campbell of Bessemer likes a joke. He was telling Sheriff Edward D. Pritchard one the other day. It seems that there is an employee in the Bessemer bank who keeps a flock of ducks. The employee lives near Dr. Campbell. He was considerably surprised the other day when the doctor informed him

that he was going to have him arrested. "What for?" asked the banker. "Well, it is this way, replied the doctor. Nearly every time I drive out early in the morning I have to stop my car until your ducks get across the road. I don't mind stopping the car, but, when the ducks waddle across saying, 'quack, quack, quack' it is carrying things a little too far."

Yesterday was the last day on which executions could be filed on properties to be sold at the June term of court. Sheriff Edward Pritchard reports that there will be twenty-three sales. This is the largest number with which Sheriff Pritchard has had to deal since assuming office.

Under the will of the late Mary Elizabeth White, which has been probated at the register and recorder's office, all of her property, real and personal, is left to her nephews, Clair Sampson and Arthur E. Sampson, share and share alike. Clair and Arthur Sampson are named as executors.

County Treasurer William O. Pitts, who is receiving applications for beverage licenses which will be issued on June 1, calls attention to the fact that no applications can be received from those districts in which there has been local option elections and which have voted dry.

There are 26 districts in Lawrence county. Eighteen of these districts have voted on the local option issue. In twelve of them the "dry" carried, and six of them voted "wet." The districts which have voted dry are Hickory township, Little Beaver township, Neshannock township, New Wilmington boro, North Beaver township, Plaingrove township, Slippery Rock township, Washington township and Wilmington township. No applications for beverage licenses can be received from these districts.

The six districts voting wet were: Big Beaver township, Ellwood City, Enon Valley boro, Mahoning township, City of New Castle and Wayne township.

The total population of the city, boroughs and townships voting on the beverage question is estimated at 82,476. Population of boroughs and townships not voting on the beverage question is estimated at 14,782.

The vote on the wet and dry issue with respect to beverages such as beer, does to affect the right of the Pennsylvania Liquor Control board to issue licenses in these districts.

## VOTE SHANAFELT

There is little time left before the primary election on Tuesday. The campaign is about over, and I want to express my appreciation of the fair treatment I have received at the hands of my opponents and the general public.

As the campaign comes to a close may I suggest this: This election is one in which the ordinary people will render a decision. It is no time to nominate and elect a one-sided candidate, one who will represent only a certain element of the citizenry. It is a time when people should be elected who will represent all the people.

It occurs to me that this is a good time to elect a working man to the General Assembly, one who knows the problems of the ordinary folks, who can apply ordinary horse sense to legislative problems, who believes that government is only applied common sense and will work and vote for measures that will add to the happiness and comfort of the common people. I respectfully solicit your vote at the Republican primary on Tuesday, May 15.
